Introduction

Introduction

We take this opportunity to introduce ourselves as a leading and successful construction company specialized in MEP engineering and installation project works across UAE. With humble beginnings in 1998, Eversafe has grown as an established quality & guaranteed name in providing total MEP solutions for over decades.

We are recognized in the industry as a competitive & reliable contractor when it comes to providing HVAC, Mechanical, Electrical & Fire protection services project works. Our highly qualified, skilled & trained workforce has capacity to execute multi projects with excellence from project design stage, engineering & execution with authority approvals, testing & commissioning. Our team is professionally equipped to deliver the desired goals to the highest level of industry standards for Commercial, Residential buildings & High rise towers as per the planned schedules.

We have consolidated our position into construction industry, nurturing and retaining clients to our fold by, fortifying strong pillars of success: client satisfaction through total quality service & true value for money.

Today with focus on growing industry needs, we ensure that our values do not take a back seat, we are quick apt & efficient in responding to growing client needs with modern state of art software technology & equipment with highly experienced & trained committed loyal workforce capable of executing & managing complete MEP project works.

Eversafe has worked with leading contractors, developers & consultants in the industries like Al Hawraa Engineering Consultants, Secrets Architectural Consultants, Orion Engineering Consultants, Chawla Architectural Consultants, Adnan Saffarani Engineering Consultants, Abdul Rahim Architectural Consultants, Al Madar Architectural & Engineering Consultants, Al Gafry Engineering Consultants, Arif & Bintaak Engineering Consultants, & many more we have mastered the art of MEP engineering & installation.

Our goal is to contribute towards social & economic developments in fast – paced construction industry in developing GCC countries, establishing an international brand name & become a world class company

We solicit your support.

Vision - Mission Values

Vision

We envisage, a reputed organization with framework of proficiency & ethical values in a challenging work environment to accomplish in achieving, quality growth & client satisfaction

Mission

To be a reputable leading organization in the industry and offer the highest standards of service in the respective fields, committed to excellence.

To achieve in providing efficient cost effective one stop solution to your electrical, mechanical & plumbing needs.

A corporate network in making by adapting innovative & creative vision based on a professional team work such that it provides an impetus to sustained growth.

Values

People: we value our people and continually strive to develop human resources with ongoing learning, we believe in integrity & retaining committed loyal workforce.

Commitment: to deliver projects within the time frame and after sales services with well-defined understanding of client's requirement has served us as the principal foundation of our long term satisfied cliental base.

Flexible adaptability: to provide convenient engineering solutions, is the key factor that encourages our clients to return to Eversafe for their valued projects.

Trust: With decades of construction and engineering expertise under our belt, Eversafe has earned the trust and support of clients

Safety & Quality

Safety Policy

Health, Safety and environmental (HSE) responsibilities are integral to the way we do business at Eversafe. Successfully managing HSE issues is an essential component of our business strategy. Through observance and encouragement of this policy we assist in protecting the environment and the overall well-being of all our stakeholders, especially our employees, clients, subcontractors and the community at large.

Quality Policy

Quality Policy

At Eversafe there is no compromise on quality. Comprehensive quality control policies are drawn and implemented at all levels of work executions, in keeping up with our motto. Quality control measures are also administered to ensure that the deliverables are fully met in accordance with the objectives of the clients. Moreover, with the rigorous implementation of these quality policies, we have been able to adapt to uniform standards and methodologies at work while effectively doing away with any non-conformities hence the company is accredited to 9001-2008.
